

FY23 AISC Experiences

Montana Arts Council

Guidelines

Montana Arts Council

The Montana Arts Council is the agency of state government established to develop the creative potential of all Montanans, advance education, spur economic vibrancy, and revitalize communities through involvement in the arts. Fifteen individuals appointed by the Governor oversee the Montana Arts Council.

Artists in Schools and Communities Grant Program

The Montana Arts Council strives to foster access to robust arts learning experiences that engage students of all ages and abilities. To that end, the Artists in Schools and Communities (AISC) grant program provides funds in support of a wide range of arts learning projects.

AISC Experiences

The AISC Experiences grant program offers financial support of arts learning activities in three categories:

- Direct engagement with guest artists for a virtual or in-person session that may or may not include a hands-on learning component.
- Purchase of tools, supplies or small equipment to support experimentation with new arts media and methods
- Transportation to support first-hand experiences with art or artists

AISC Experiences is designed to engage learners as audience members, viewers and artists through activities that plant a seed of inspiration, proving both foundational and transformative.

AISC Experiences 2022-23 Application Deadlines:

- **August 24, 2022 at 5 p.m.** *for projects taking place between October 1, 2022 and June 30, 2023.*

The Arts Education Committee will discuss requests in a public meeting to be held approximately one month after each due date; applicants are invited to attend. The committee will make recommendations to the Executive Committee of the Montana Arts Council which will then make the final funding determinations.

Applicants will be notified of funding decisions approximately six weeks after each deadline, following the meeting of the Council's Arts Education Committee.

Other Grant Program Considerations

In addition to the AISC Experiences grant category, you may wish to consider applying to these other MAC grant programs:

- o AISC Residencies is a grant program that connects learners of all ages and abilities with professional teaching artists through a diversity of learning formats and settings. Residencies range from a couple of hours to months-long experiences and may engage one or several guest artists working with a single group of learners or with multiple groups. Projects in this AISC subcategory put an emphasis on the process of art creation and therefore must include hands-on learning.

- o Strategic Investment Grants (SIG), support professional development opportunities in arts learning, and projects related to Market Expansion, Public Outreach Arts Activities, or Challenges or Emergencies.
