RE: American Rescue Plan Act Grants Addendum
DATE: June 8, 2022

This memo is an update to the one provided in the June 2022 Council materials.

Response to the American Rescue Plan Act (ARPA) Artist grant necessitated the recruitment of additional panelists via a call for volunteers through MAC's email database. This public call allowed us to broaden our field of panelists and bring new voices into the review process. Each panelist was required to attend an orientation session with MAC staff. Staff sorted the applications into 8 artistic discipline-based panels and assigned panelists according to their expertise. A list of all panelists is below, with an asterisk to indicate first-time panelists.

Kim Anderson, Missoula
Cyndy Andrus, Bozeman
Kimberly Campbell*, Missoula
Alyssa Cordova, Whitefish
Michele Corriel*, Belgrade
April Cypher, Missoula
Melanie Drown, Whitefish
Heidi Eggert*, Missoula
Shaun Gant*, Missoula
Valerie Guayant*, Havre
Maren Haynes Marchesini*, Helena
Amy Honchell*, Helena
Sarah Justice*, Great Falls
Alex Kowalchik*, Missoula
Christine Martin, Butte
Michelle McConnaha*, Stevensville
Candice Methe*, Helena
Craig Naylor*, Kalispell
Hilary Parker*, Bozeman
Kristi Scott, Great Falls
Corby Skinner, Billings
Jean Steele, Hamilton
Luke Walrath, Whitefish

Artists grant panelists evaluated applications according to three criteria: 1) artistic excellence, 2) artistic merit, and 3) project feasibility. In response to NEA guidance and the particular impacts felt by performing artists, MAC also asked panelists to identify whether applications met priority areas. These priority areas included the following: rural artist or audience (outside the 7 metro areas), performing artist, veteran artist or audience, disabled artist or disabled audience, Native American artist or audience, new audience outreach, and art learning. 85 applicants are recommended for funding, for a total of \$737,602.

The demonstrated need for ARPA funding to artists prompted a change in thinking about the funding levels for organizations with ARPA funds. Organizations with operating budgets between \$30,000 and \$500,000 and rural organizations were prioritized for this grant. Applications were internally evaluated according to the criteria and priorities, and 4 organizations are recommended for funding, totaling \$20,000. MAC received \$750,000 in ARPA funds and has fully committed those dollars, and will add \$7,602 of other funding toward this program.

Attached to this memo are the following:

- 1) ARPA Funding Recommendations
- 2) Remaining ARPA applicants
